Notes

Strategic Planning Assignments (30% of grade)

During the semester, there are two strategic planning assignments. The first assignment is your team Charter and is worth 5 marks. Assignment 1 contains the following components: company vision, mission and values; company name, logo and organizational structure (chart and job descriptions); a method and rationale for appraising team member performance; and weekly meeting minutes. (Refer to Assignment 1 handout for details.) The second assignment includes five distinct parts; each part representing a weekly case analysis during J : H N . Each case analysis is worth 5 marks, combining to make 25% of the course total. In addition to completing a weekly case analysis, students will share a current event that echoes the content associated with each case (Refer to Assignment 2 handout for details.)

Team Case Analyses (35% of grade)

Each team (3-4 members) is responsible for one written submission (20 marks), one oral presentation (12 marks) and one Board evaluation (3 marks). Oral presentation and board evaluation days are mandatory. In addition, marks (2 marks) are available for high performing teams or members during in-responsibilities.

Written Report

- a) Each team will submit case analyses for grading as scheduled. All team members will receive the same mark. It is expected that all team members will fully participate in the discussion and the preparation of each case. Non-participating team members will receive zero and may be fired from the team.
- b) The written report must adhere to the standard Case Analysis Report Format (handout).
- c) The case analysis is limited to 10 pages, double-spaced with appropriate headings and subheadings. Supplementary or illustrative materials, and tables or diagrams are to be included in appendices. There is no limit to the number of appendices, but all material in the appendices must be referred to in the body of the report and must support your arguments.
- d) Your report must have a title page, which includes the names and titles of each team management member.
- e) The report is to be generated using MS Word software and submitted in hard copy and to Moodle

Oral Presentation

- a) Each team will present case analyses as scheduled. All team members will receive the same mark (No marks will be awarded to absentee members.)
- b) These full case presentations will take approximately 45 minutes and should not exceed 60 minutes, including the question period.
- c) Teams not presenting are expected to ask relevant questions of the presenters during the question period following each presentation. Your contribution will become part of your class participation grade.
- d) Visual aids are required to illustrate the main points of the presentation using PowerPoint. Although overhead projection equipment is available in the class, it is the responsibility of the presenter to bring a laptop computer and ensure the equipment is set up properly and everyone is familiar with its operation. (Computers are available in the Library for checkout.)
- e) Each team is responsible for submitting a handout (3 slides per page) of its PowerPoint slides to the professor prior to the actual presentation. Make sure detailed slides are printed out full page.

Notes (con't)**Exams and Quizzes** (35% of grade)

During the term, there will be a mid-term examination (25 marks) and a Balanced Scorecard quiz (10 marks). There is no final examination because of the time required to develop the strategic plan, which is the major project for the course. The examinations are to test your comprehension of strategic management concepts, and your application of critical thinking and problem-solving skills in various situations.

Peer Performance Appraisal

SKILLS ACROSS THE BUSINESS CURRICULUM

The Okanagan School of Business promotes core skills across the curriculum. These skills include reading, written and oral communications, computers, small business, and academic standards of ethics, honesty and integrity.
