Late assignments will be penalized with a 20% deduction every 24 hours from the due date and time. After 5 days, the assignment is worth 0 points and will not be graded.

**Assignments:** Students will be assigned (unless otherwise stated) to small research teams to undertake the three assignments. Understand that team work requires equal participation. Those team members who do not participate to the satisfaction of the professor, may have their names removed from the assignment and be "fired" from the research project – in other words, assigned a pro-rated or 0 grade for that assignment.

**Participation and class attendance** is required to successfully complete the in-class and pre-class activities and term work. Pre-class quizzes, presentations, and/or other participation requirements make up the rest of your Class Participation grade (10%). Please note that there will be no "make-ups" for these assessments.
